Superintendent of Prospect Schools Accepts New Position for 1927-28

Sept. 2—Brown, for eight years superintendent of schools in Prospect and coach of Prospect High School athletic team, has accepted a position at Cleveland High School, Cleveland. He will coach track there.

During his service at Prospect, Brown was head of the athletic committee of Marion County schools for six years. He was president of the Central Ohio Athletic District for two years and for three years was a member of the Marion County board of school examiners.

During his coaching days at Prospect, Brown turned out some of the greatest track stars in Ohio. He coached Pete Austin, noted Big Ten high jumper now attending Ohio State. He trained Elmer of Miami University, considered one of the greatest track men in the Buckeye Athletic Association.

"Tiny" Johnson

"Tiny" Johnson, the only entry from Ohio to place in the National Track meet this year, is a product of Prospect High. He will be a senior this season. He holds the high school shot put record in this state.

Brown also turned out one of the best football teams ever seen in Marion County schools, a couple of years ago, when Wainwright was the shining light in college athletic circles. It is not known who Brown's successor will be.

The Individual Pure Food Dealer of Marion

High Quality
MEATS
at Lowest Prices

The individual Pure Food Dealer is more than just
your grocer; he is your friend and neighbor.

The individual merchant sells all his goods at a fair
price, and carries about twenty-four hundred items to
please your every desire.

The individual Pure Food Dealer is a man you know
—a man who has as great an interest in local prosperity
as you have, and who can be depended upon to supply
you with none but standard, guaranteed, nationally ad-
vertised merchandise.

The money you spend with the individual grocer,
butcher and baker, remains in your city, is deposited
in your banks.

Dollars spent with the individual merchants return
big dividends in the form of bigger, better and more
prosperous greater Marion.

When sickness or unemployment adds to your burden,
it is the individual merchant who shoulders the extra
load, "carrying" you along on "your word," and giving
you his word that your dollars are better spent with him.

The individual Pure Food Dealer is always on the
job! "Rain or Shine," "Snowing or Blowing"—ready
to serve you—more ready to save you money—more

ready to accommodate you and carry you along until
"the sun shines again." He is as close to you as your
telephone. You can sit at home in comfort and have
your food delivered to your pantry shelves.

Why burden yourself by carrying your packages home
when the individual store will give you this service?

Suppose the individual stores were forced out of
business, where are you going to buy your favorite
brands of food?

When your Church, your Lodge, or your School has
any things, the individual Pure Food Dealer is ready to
help and serve you. He is the owner as well as the
manager of his own store.

The individual merchant pays living wages to his
employees, gives you honest weight and full count, always
is interested in your community and is, in fact, an asset
to your neighborhood.

The individual Pure Food Dealer is entitled to and
deserving of all your patronage. Your interests are his
interests, your success his success. He takes pride in
giving you service and in knowing that you are getting
the best food attainable and at a fair price.

Why not give the individual Pure Food Dealer your
business and show him that you appreciate courtesy,
honesty and service?

They were both laughing and shouting as they ran. Jubilee was a boy of about ten years old, and Pardner was a girl of about the same age. They were both very happy and very free. They were playing in a park that was very large and very beautiful. There were many trees and many flowers, and the air was very fresh and very cool. Jubilee and Pardner were the best of friends, and they were always playing together. They were always having fun, and they were always laughing and shouting. They were always happy and always free. New York is going after motor manufacturers like bugs. They are the targets of a new ordinance with maximum fine of \$500 and 30 days' imprisonment. They made the mistake of not being in the town which made a law against them. What a good idea.

No place offers the striking brand of fun, but guaranteed, nostalgia to be found in the vintage midtown autumners. They are the remembrances of many once-loved shops and the emotions for a season. They are my table together and so each and in a class, man.

Broadway shows are not always of the best. Some of the more amusing failure is that strange brooded-out who seem to be

well barbered and pay their own way. It is a type not particularly peculiar to Broadway, but somehow along that sophisticated strip he appears to fare better. One of the Broadway virtues is not to inquire into one's means of earning a livelihood.

Many years ago inspired by the "Public Eye" I asked one of those dubious New Yorkers about his business was. He replied he did make a little, but one thing he did not do was "other people's" "other business." As I recall he said: "Oh—and let it go at that. That seemed a tip-off to me—even if I am not John's nephew—that it was none of my business. And, after all, it wasn't. The name New Yorker is rarely curious."—*scribble*

The suggestion then was, and I repeat it, that the law was amended so to provide—that it was in the very train the day, when amendment of the law was required to allow the prosecution to show whether there has been wilful disobedience to a material fact on either side, and to show that side of the case, without naming witnesses by whom the crime was perpetrated, and that the presiding judge be required to provide or disprove such material fact, and if not aided without a jury the court be allowed to decide on a writ, such a finding in the case

400 EXTRA DRY

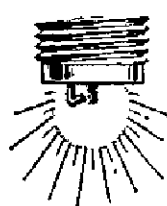

Carbon is Easy to Avoid With SHELL Gasoline and SHELL Motor Oil

400 "EXTRA DRY" SHELL Gasoline

SHELL Gasoline

Vaporizes completely
••• burns dry ••• leaves
no residue ••• every
atom turns to power.

**Ordinary
Gasoline**

Does not vaporize
completely ••• burns
wet ••• gives less
power ••• leaves
greasy residue to
dilute crankcase oil.

The outstanding superiority of 400 "Extra Dry" Gasoline is due to a revolutionary change in the process of refining ••• reducing the "end point" to 400° ••• taking only the most volatile parts ••• producing LESS but much FINEER gasoline from the crude. As a result, Shell Gasoline is EXTRA DRY ••• unusually free from heavy, greasy carbon bearing elements. It vaporizes completely, ignites instantly, burns cleanly, leaving no unburned residue to dilute the oil in the crankcase. It is a quality product ••• alive with power ••• more expensive to produce but costs you no more than the ordinary kind.

[For motors of the high-compression type, there is nothing to equal SUPER-SHELL ••• the superior gasoline that sells at 3c a gallon more.]

Don't tolerate carbon any longer. It can easily be prevented from forming in harmful quantities. You need only use a properly balanced, dry-burning gasoline together with the right kind of motor oil. To take the first step toward overcoming carbon look to your gasoline. Be sure it is 400 "Extra Dry" Shell—the wonder gasoline—free from heavy, greasy particles which would dilute the crankcase oil and cause carbon to form. 400 "Extra Dry" Shell Gasoline vaporizes completely, burns cleanly and every atom is converted into power.

Select your motor oil with equal care ••• unless the excess carbon has been removed from it at the refinery, the heat of engine operation will cause this carbon to be deposited in your motor. Shell Motor Oil is rich in lubricating qualities and golden clear in color, for excess carbon and other impurities have been carefully extracted.

Use them both ••• Shell Gasoline and Shell Motor Oil. Then you will obtain the full benefit of the extra power 400 "Extra Dry" Shell Gasoline gives because your engine will be clean and free from carbon deposited by impure motor oil. And your Golden Clear Shell Motor Oil will retain its body and lubricating qualities longer, being protected by an "extra dry" gasoline which prevents crankcase dilution.

To use Shell Gasoline and Shell Motor Oil costs you not one cent more. In fact, they save you money since their combined use gives you carbon-free performance from your car and a positive reduction in carbon-cleaning, repair and overhauling costs.

Any Shell Yellow-Red Service Station or Shell Dealer is ready to supply you with these Shell Quality Products ••• and to render an obliging service that will win your favor.
